About the Annual School Report

St Paul's Primary School is registered by the Board of Studies Teaching and Educational Standards NSW (BOSTES) as a member of the Catholic system in the Diocese of Maitland - Newcastle.

The Annual School Report provides parents and the wider community with fair, accurate and objective information about various aspects of school performance and development. The Report describes achievement of school development in 2015 and gives information about 2016 priorities.

This Report is a legislative requirement under the Schools Assistance Act, 2008.

The information in this Report is complemented by the Catholic Schools Office website and school websites where other publications and newsletters can be viewed or obtained.

Messages from Key School Bodies

Principal's Message

It is my pleasure to present the Annual School Report from St Paul's Primary School Gateshead for 2016.

St Paul's School is an integral part of MacKillop Parish, providing quality teaching and learning based on Catholic values, traditions and beliefs. The school fosters an atmosphere of mutual respect and tolerance where all differences are valued and appreciated. This community continues to recognise the potential and dignity of each student and provides opportunities for sequential academic development within a positive structure of spiritual, emotional and physical growth.

Results of external tests, planning and implementation of new programs of learning, cultural performances in the wider community and individual and team sporting successes clearly exemplify the progress and development that is central to the growth of this school.

The role of the Parish Priest is highly valued and we thank him for his involvement and ongoing support.

The staff of St Paul's also need to be acknowledged for their ongoing commitment to the education of all students, for their participation in school based initiatives and for the care and concern taken to ensure every child reaches their full potential

The dedicated commitment of parents to the education of their children is reflected in their involvement and contribution to a wide range of activities and celebrations at St Paul's. We are encouraged by and always grateful to the many parents who give so freely of their time and efforts to support the staff and students in all new and ongoing initiatives. Their active involvement in fundraising and continued assistance in the school's many diverse academic, social, sporting and maintenance programs is always appreciated.

2016 was a year of celebrations, achievements and progress in the academic, cultural, sporting and social domains. The character of St Paul's school is a reflection of the collaborative partnerships that exist with this community and will ensure we will continue to thrive as an effective learning community.

M. Smith (Acting Principal)

Parent Body

In 2016, St Paul's Parents & Friends Committee continued to have monthly meetings, the first Wednesday of the month throughout the school terms, to discuss all aspects of school business. Core P&F executive positions remained largely unchanged, however new members were valued as regular contributors at meetings.

The P&F coordinated fundraising activities in conjunction with the Fundraising Committee and Canteen Committee and oversaw the school's valuable group of volunteers, maintained uniform supplies and generally provided assistance when required, particularly in the area of fundraising.

After much deliberation and many consultations, a new design and fabric was chosen for a new school uniform for the girls. Our new 2017 Kindergarten girls will begin the year in the new uniform while girls in other grades will gradually phase in the new uniform as/when they require a new one.

Fundraising was a huge focus for the P & F during 2016. This fundraising during 2015 included Entertainment Books, a mango drive, an Easter raffle, Mothers Day stall, Year Books and a Christmas raffle. Discos and the hugely successful Fathers' Day Breakfast were also held in conjunction with the Canteen - all of which were very well attended. A major fundraiser in 2016 was the Trivia Night. A small team of very hard working people raised \$8000, some of which will be used to furnish the new classroom required for 2017.

We are grateful for the support of the Principal in our endeavours to raise money to purchase programs and equipment to enhance the diversity of educational opportunities for our children.

This year we had the pleasure of again sharing the cost of online reading programs for all students. The P&F also purchased a number of technology items to be used in classrooms, including a mobile interactive board for the temporary classroom.

The generosity of people who volunteer in the Canteen must also be acknowledged. This group of generous people contribute significantly to fundraising for the school and provide a valuable service for the entire school community. They also host a number of disco evenings for the students which are well organised and enjoyed by all students.

On behalf of the P & F, I would like to take this opportunity to thank the entire St. Paul's community and local businesses for their support throughout the year with volunteering and fundraising. This is my last year as President of St Paul's P & F so I thank many people for their generosity and support over many years. We can be proud of our combined achievements in providing our children with the most stimulating learning environment possible.

Lisa Bartley (P&F President)

Student Body

The School Council at St Paul's is elected annually by the primary students and staff. All Year 6 students are invited to nominate for Council. As part of this election process students are asked to address the school community with a prepared speech. The Council is comprised of six representatives who worked with the Year 6 teacher and the Principal throughout the year.

The main role of the Council was to initiate goodwill and camaraderie within the school. The Council also liaised between staff and students, acted as role models for the younger members of the school community and organised school activities for fund raising and fun days to build school spirit.

Sport Captains are also elected leaders and important members of the student body. They are invaluable as helpers during school sporting carnivals as well as organising sport equipment for distribution on a daily basis.

The Mini Vinnies Team was very active during 2016. A number of fundraising events were held to contribute towards social justice

St Paul's Student Council would like to acknowledge the school for enabling us to develop our leadership skills and for the privilege of representing St Paul's at external events. We grew in ability and confidence to run Friday assemblies as well as organise school events and represent the school in the wider community.

SCHOOL FEATURES

History of the school

The Parish of St Paul's Gateshead was established in 1963. A primary school, staffed by the Sisters of St Joseph, opened in May 1964. The vision of the Parish Priest at the time, Fr Roger Kennedy, resulted in the purchase of large parcels of land which enabled these initial constructions as well as future extensions.

Lay teachers have staffed the school since 1984. Government grants have resulted in the construction of a brand new school, relocated to a different position on the same site, which opened in 2002. Subsequent grants resulted in extensions to our Creative Arts area, extended the school canteen, provided a covered seating area and a magnificent IT learning area as well as a multipurpose hall, which is shared with the neighbouring high school.

The vision of Fr Roger Kennedy and the Sisters of St Joseph continues to be our focus as we continue to build a school community based on gospel values which are instilled in and practised by all members of our school community.

Location/Drawing Area

St Paul's Gateshead is located on the eastern side of Lake Macquarie. It is one of two Catholic primary schools that serve the families of MacKillop Parish. However we are an inclusive school and accommodate applications from outer areas where families have students with specific disabilities or siblings enrolled in the neighbouring Catholic High School. Therefore attending students represent a wider geographical area than that included in Parish boundaries.

Catholic Identity and Mission

Catholic Imagination and Spirituality

As an integral part of the MacKillop Parish we are committed to the faith development of our students within a Christ centred community. The school motto of *Love One Another* is regularly promoted and referenced in day to day school routines.

All classrooms, the Library, the Learning Centre and the school foyer have a sacred space which is regularly changed to reflect the Seasons of the Church and significant feast days.

Our theme of "The Golden Rule" resonated in many of our celebrations and events and the students not only felt valued, but were affirmed in their kindness and tolerance of others when spreading the Good News.

Symbols depicting our beliefs were prominently displayed as visual reminders of our school's Catholic identity.

The traditional owners and custodians of the land on which the school stands were acknowledged and respected during our formal celebrations.

Family, Parish and Diocesan evangelising and catechesis

Staff were acknowledged in their role of educators in a Catholic school while students representatives from each class were presented with class candles as we joined the local Parish community during a Sunday liturgy. Staff also attended the diocesan liturgy to commence 2016. The school community was greatly supported by Fr Bob Searle, our Parish Priest. Sacramental classes joined parishioners of this pastoral area for a mid week liturgical celebration. Classroom visits by Father were also appreciated and an integral part of school parish life.

Year 3 children received the Sacrament of Reconciliation while Year 4 students were conferred with the Sacraments of First Eucharist and Confirmation. Parish communities welcomed the students and their families during both preparatory and sacramental masses. Children worked with parents in parish based family groups to prepare for all sacraments.

Student representatives from the Student Council participated in all Diocesan celebrations including Catholic Schools Week and the launch of Project Compassion. Staff attended the Way of The Cross as well as the Diocesan Opening School Mass which commissioned all staff in their mission to serve.

Christian Discipleship

St. Paul's school supported Project Compassion and other mission initiatives which included Catholic Mission and the support of a school and orphanage in Cambodia. A representative from Catholic Mission also presented at one of the mission days and children participated in a day's activities which highlighted the plight of children in underdeveloped countries.

The Mini Vinnies team is very active in the school and members of the team continue to be involved in many initiatives which supported the needy of the Parish and the wider community. This support included a drive for winter clothes and blankets as well as food drives. There was also a fundraiser to support The Seafarers Mission as well as Mums' Cottage - an outreach program for young mums, operated by the Sister of St Joseph.

The Parish provided support for needy families within the school at Christmas time and again at the start of the new year to assist with uniforms and other expenses.

Staff, parents and students with special needs attended the annual Special Needs Mass to celebrate and support enrolments with special needs in our diocesan schools.

Religious Education and Curriculum

During 2016 all teaching staff attended PD workshops centred on the new Religion syllabus. Units of work are being phased in for different stages and this process should be complete by the end of 2017. Lessons were held daily to ensure that students continued to develop knowledge and understanding of their faith.

Religious Education outcomes and key concepts were a focus for student learning and assessment.

The Religious Education Coordinator attended all professional development days organised by the Catholic Schools Office and was involved in the writing of the new units for the Stage 3 curriculum document. Religious Education was an ongoing item on the staff meeting agenda and during this time the coordinator shared knowledge gained during this professional development time as well as suggestions to enhance the teaching of Religion in the school. Focus was on religious literacy and assessment of content.

The updating of RE resources continued to be a budget priority.

Initiatives Promoting Respect and Responsibility

The school staff are aware of the diversified needs of this particular school community and therefore values education and social justice issues were all highlighted regularly throughout 2016. Involvement in community service was ongoing as staff and students responded to the welfare of others.

Each class developed a set of class rules focusing on respect for one another and these rules were shared with the parents at the parent/teacher nights held at the commencement of the year.

The inclusion of "Positive Behaviour for Learning" program continues to drive and inform our mission to instil respect and responsibility in the very day life of St Paul's. A value/attitude became a focus for a fortnight and students were rewarded for their efforts to address the focus.

The National Anthem, accompanied by members of staff on guitar, was sung at every assembly to commence the week, with expectation that each child will know the correct lyrics.

A local community ANZAC day service was attended by representatives of staff and students. An ANZAC day liturgy was held in the school grounds.

Student Profile

The table below shows the number of students in each of the categories listed.

*Language Backgrounds Other Than English (LBOTE); Students With Disabilities (SWD)

Enrolment policy

St Paul's Primary School follows the guidelines provided by the Catholic Schools Office *Enrolment Policy 2013*. This Enrolment Policy has been devised in order to accommodate the needs of families seeking a Catholic education. It aims to set direction for school procedures and practices for enrolling students into Catholic Primary and Secondary Schools within the Diocese of Maitland-Newcastle and to establish a common, consistent approach in enrolment practices and assist the system of Catholic schools to provide schooling, where possible, for all Catholic children who seek enrolment, cater for the individual needs of each child equitably within the constraints of the available teaching and material resources and to encourage parents enrolling their children in Catholic schools to give support to parish and school life, especially in education in faith.

Copies of the Policy are available from the school, or from the Catholic Schools Office website. Parents concerned about school fees should ensure they make contact with the school. Diocesan provisions (including standard discounts for those with a Health Card) exist to help in this area, and the Principal can also exercise discretion where genuine need exists.

Actual Enrolments 2016

Scholastic Year	Number of Students
K	35
Year 1	34
Year 2	29
Year 3	37
Year 4	36
Year 5	33
Year 6	43
Total	247

Student Attendance - K to 6 - PDF

Percentage of student attendance by Year level and school average for 2016

K	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	School Average
94.9	94.2	94.2	95.3	93.6	94.8	94	94.3

Managing Student Non-attendance

Regular attendance at school is essential if students are to maximise their potential. Schools, in partnership with parents and guardians, are responsible for promoting the regular attendance of students. The compulsory years of schooling is age 6 to 17. Principals and school staff, in consultation with students and their parents, will usually be able to resolve issues relating to non-attendance. While parents should be reminded of their legal obligations under the Education Act, (1990), the welfare of the student must be the focus of this consultation. The most effective means of restoring and maintaining regular school attendance includes sound attendance monitoring practices and regular follow-up of unexplained absences by contacting parents promptly. Resolution of attendance difficulties may require a range of additional school based strategies including student and parent interviews, reviewing the appropriateness of the student's educational program, development of a school-based attendance improvement plan, referral to the school counsellor or outside agencies and support from school - based personnel. If a range of school-based interventions has been unsuccessful, support may be requested by referring individual cases of unsatisfactory attendance to the Catholic Schools Office.

Pastoral Care and Wellbeing

Student Welfare Policy

The Pastoral Care and Behaviour Management Policy and the Bullying and Teasing Policy continue to be the guiding principles to ensure that a safe and supportive environment is provided for all students. The policies include clearly stated guidelines for fair and equitable practices in the management of unacceptable student behaviour. Both policies aim at developing a sense of self worth and fostering the personal development of all children. Behaviour management is done in collaboration with the parents when serious issues arise. The pastoral care of students and families at St Paul's is reflected in the variety of assistance and support provided for families of the St Paul's community. The Parish provides financial assistance as well which enables the school to assist needy families in a variety of ways. Excursions are part-paid for some students, while other families receive assistance with fees. Kindergarten students enjoy the support offered by our buddy program while the Peer Support program is conducted across the school in Term 3 each year.

Discipline Policy

Our Discipline Policy clearly calls upon Gospel values and procedural fairness when dealing with discipline at St Paul's. The policy covers both classroom and playground behaviours and provides clear expectations of acceptable conduct and associated consequences. Serious discipline issues are recorded on 'Sentral' which hold a profile for each student. The *Positive Behaviours for Learning* (PBL) program continues to be a successful tool for encouraging and rewarding good behaviour and attitudes towards others. During 2016, the rewards for the PBL program will be revised and amended to re-ignite the motivation to receive PBL tokens. A positive approach to discipline is encouraged through a PBL focus presented at Friday assembly.

The full text of the School's Student Discipline Policy may be accessed on the School's website or at the administration office.

Anti-Bullying Policy

Catholic schools have the responsibility to promote cultures of trust, cooperation and respect in the lived experience of the Catholic Christian setting. Bullying in a school mitigates such a culture and inhibits the development of positive relational outcomes for the common good of students, teachers and caregivers. *St Paul's Primary School Anti-Bullying Policy* is reviewed regularly and is available on the school website.

Accusations of bullying are always dealt with very promptly and justly at St Paul's. Schools exist in a society where intimidation and harassment occur. Bullying must be taken seriously and is not acceptable in any form. Students have the right to expect that they will spend the school day free from the fear of bullying, harassment and intimidation. Bullying needs to be recognised, named and addressed to ensure St Paul's school works towards an authentic Christian school culture. Therefore, at St Paul's procedural fairness protocols are always followed to ensure that all parties are given an opportunity to be heard. If necessary, St Paul's has available a standard form on which allegations are recorded as well as procedures of investigation.

Complaints and Grievances

The school has formal written protocols in place to address complaints and grievances. These protocols are in line with the Complaints and Grievances Resolution Policy (2013), developed to provide a consistent approach for all Diocesan schools. This policy aims to address the concerns of Parents / Carers and the wider community. These concerns may include children's learning, behaviour and welfare, school organisation and management, student health and safety issues. A copy of this policy and the informative parent brochure is available from the school office, school website or is available on the Catholic Schools Office website.

School Improvement

School Improvement Plan

Our School Improvement Plan (SIP) addressed six main areas. In the Catholic Identity Area the main focus was to equip all teaching staff with content knowledge and resources required to deliver the new RE syllabus. Assessment procedures and protocols was the focus of Quality Learning, Key Area 2. We focused on developing rigorous assessments as well as streamlining the process to ensure a sequenced process. Key Area 3 in our SIP plan focused on the introduction and development of the PPD program for teaching practice. This involved goal setting with a learning partner and some peer mentoring, while engaging with the AITSL standards. Empowered School Leadership was Key Area 4 and addressed the importance of and need for shared leadership and building leadership capacity. To this end two "Assessment Coordinators" were appointed from the Leadership team and were released to develop robust assessment procedures and processes in the school. The emphasis in Area 5 was meeting student needs through the implementation and review of pastoral care programs. The final Key Area was Transparency and Accountability in which planning was undertaken for school growth and organisation.

School Academic Priorities

Key improvements achieved this year	Key improvements for next year
<p>The introduction of the Professional Practice and Development (PPD) program contributed to major improvements in teaching practice. Teachers selected and worked with a learning partner based on their identified needs. Regular learning partner meetings were held to gauge progress and offer mutual support. In addition, there was some lesson observation which further enhanced the development of professional practice and development. The setting of SMART goals by each teacher facilitated measurable development in pedagogical practice as well as community engagement and parent liaison. This direct engagement with the AISTL standards promoted personal growth and also enhanced the delivery of curriculum. With support from the CSO, many teachers engaged with PD opportunities directly related to their SMART goal. In addition, the PPD program involved the setting of a school-wide goal as well as a PLC team goal.</p>	<p>A major aim/focus for 2017 will be to improve students outcomes evidenced by NAPLAN and other data. It is intended to gather a variety of base-line data early in the year that will inform literacy and numeracy focuses. There will be a continuation of our focus on assessment - in particular open-ended Maths assessment to facilitate demonstration of A-E skills. In addition, another focus for 2017 will be the development of a common language for the teaching of Writing across the school.</p> <p>As a follow-on to our 2016 focus on assessment, a 2017 focus will be on the efficient and meaningful gathering and recording of student data and assessment data. St Paul's will engage with on-line PAT testing across Maths, Reading and Spelling and all students will be benchmarked early in the year. This will establish a baseline of data on which to build our aims and inform direction for teaching and learning. Data will again be gathered towards the end of 2017 to look for evidence of growth and further inform our direction for 2018.</p>

<p>Key improvements were also achieved in the area of Team Goals and Team Outcomes which impacted directly on the delivery of curriculum as well as students achievement. The agenda and protocols of our meetings are informed by PLC philosophies and this is reflected in the diversity and expanse of the agenda. Key improvements were made in meeting COSI requirements and a number of Scope and Sequence documents were developed that are much more streamlined and sequential. In addition our Team Meetings also worked on our Assessment Focus. We were able to develop a series of shared beliefs centred on assessment as well as develop a series of assessment tasks informed by NAPLAN results that demonstrated room for improvement. In particular there was a focus on improving our Grammar skills and PD was delivered to all teaching staff centred on Mentor Sentences. This has been adopted and is being used as an integrated approach to the teaching and development of grammar and writing.</p>	<p>There will be an ongoing commitment to Professional Development for teachers and support staff throughout 2017. PPD funding facilitates pursuit of PD related to teachers' professional and personal goals. The AITSL standards will inform and guide PPD paths and relevant professional development. Classroom observations will continue to be used for some learning partnerships. In addition to this there will also be a focus on FEA accreditation as well as advertising RE tertiary courses that are available.</p> <p>There will also be a focus on developing students' writing skills. St Paul's will host the Seven Steps to Writing Success workshop for 50 teachers in the Roger Kennedy Centre in 2017. This will ensure that there is a common language for students used by teachers for students as they move from grade to grade. In addition to this, focus will be given to analysis of NAPLAN results to further inform directions for Literacy and Numeracy development. This analysis will form part of Team Meetings as well as detailed analysis conducted by the Leadership team.</p>
<p>This year we continued our focus on student well being with the Peer Support Program and our commitment to Positive Behaviour for Learning. The focus for Peer Support this year was on relationships and this was enhanced through the collaboration of K-6 groups which met each Thursday in Term 3. In addition the focus for a number of our PBL themes was on values and attitudes that develop relationships.</p> <p>Following an incident in the school, students physical well-being was also addressed through the locking of the school gates between 8.50am and 2.45pm and installation of an electronic gate. This change was applauded by the parents and addressed security concerns. Another key physical improvement was the installation of a demountable classroom to alleviate the issues of accommodating a class in the Library.</p>	<p>St Paul's again looks forward to the next phase of the COSI cycle. We will conduct a self-review in 2017 and the groundwork for this task was begun at the end of 2016. The school will focus on select domains of the NSIT as well as the Catholic Identity Tool to implement growth and development in domains identified by staff as having "room for improvement."The school will commence the COSI cycle. Staff will focus on the areas of English and Mathematics, reviewing all COSI requirements as applied to their own documents which will be submitted for analysis.</p> <p>This also necessitates a review of a variety of school documents and this will be a gradual process over the course of 2017. a Review of Science and Creative Arts documentation will be required for COSI in 2017 and this process was begun in Term 4 2016.</p> <p>Another priority for improvement in 2017 is the increased use of open-ended Maths tasks and assessments. This will enable all students to work at their own level in Maths content while still addressing the Scope and Sequence documents for Maths. This will be part of Team Meetings and staff will also be encouraged to contribute to a bank of open-ended tasks available to everyone.</p>

Academic Achievements

During 2016 St Paul's received funding under the School Improvement Plan (SIP) and this was used to establish a number of academic focuses. The basis for the improvement of student outcomes was a focus on improving assessment practices and strategies across the grades and across KLAS. There was also a

focus on teacher performance and development through the establishment of learning partnerships and goal setting based on AITSL standards.

A number of online programs continue to enhance and develop the academic achievements of our students. Lexia has proven to be a very useful tool in extending the reading and comprehension of all our students. Assessment is an integral component of the program and appropriate remedial work is generated. In addition the school subscribes to the online Mathletics program which enable teachers to set targeted tasks for targeted students improvement.

A 0.7 specialised Learning Support Teacher continued her work at St. Paul's throughout 2016 and introduced a variety of intervention programs that address key outcome growth for targeted students. Development of reading was the main focus for many students and a number of LSAs were trained in the delivery of the 'Toe by Toe' reading intervention program. This has realised significant reading development for students who were below grade level.

The Learning Centre continued to focus on small groups of Infants students who needed assistance to reach literacy and numeracy benchmarks identified in Best Start. Graded groups were withdrawn for levelled instruction in targeted areas and results were very pleasing.

Students were provided with the opportunity to participate in the UNSW assessment programs in the areas of Science, Computer Skills, Writing, Spelling, English and Mathematics with an increased number choosing to participate. Three students received a credit in Maths while five received a credit in English. Five credits were also awarded in Spelling and three in the Writing task. All grades participated in the Premier's Reading Challenge. Yr 6 students also participated in the Religion Literacy Assessment.

Opportunities were provided for our gifted students in Science and Maths workshops to take part in extension days organised by the local high school as well as St Paul's.

Cultural achievements

Students from Year 4-6 who were gifted in a specific area of Dance, Drama or Music were given the opportunity to be part of Aspire. Aspire is a creative and performing arts program offered by the CSO that seeks to provide positive experiences for students. St Paul's has a specialist Music teacher and our cultural highlight for 2016 was a school musical evening around the theme of "Australian Made." In addition to this, the Music teacher provides weekly lessons to develop all round Music skills. Experiences in this domain of the cultural arts include drumming, recorder, guitar and boomwhackers as well as a small selection of percussion instruments. St Paul's students had the opportunity to compete in the Chess competition. St Paul's students also participated in the Lakes Region Debating Competition and Public Speaking competitions. School leaders represented the school at ANZAC day, liturgies, masses, assemblies and ceremonies.

Sporting achievements

St Paul's had yet another busy and successful year in sport. It began with our annual swimming carnival held at the Forum. 32 of our students progressed to Regional level while 5 students represented the region at Diocesan level. We were also successful in Athletics with 17 students passing through Regional level to compete at Diocesan level. We were also very excited and proud when one of students attended the Nationals for track events. We also congratulated three of our students on their achievements at Polding level in cricket and basketball.

St Paul's students continue to enjoy a selection of sports for Friday afternoon. We have teams attending inter-school Rugby League and Netball while another 30 students attend tennis coaching. In school sport is also conducted each Friday afternoon in which a variety of sports are rotated. St Paul's also had two Rugby League teams participate in the Knights Knockout and Catholic and Independent Schools Cup. We also had four teams attend the Lakes Regional Football Gala held at Speers Point.

Student Achievements

Performance in National Testing

The National Assessment Program – Literacy and Numeracy (NAPLAN) is an annual assessment for students in Years 3, 5, 7 and 9. NAPLAN assessment results provide valuable information about student achievements in literacy and numeracy. An analysis of these results assists School planning and is used to support teaching and learning programs.

The tables below show the percentages of students who achieved particular skill bands in numeracy and the aspects of literacy. The School results shown are compared to students nationally. Literacy is reported in four content strands (aspects): Reading, Writing, Spelling, Grammar and Punctuation. Numeracy is reported as a single content strand.

NAPLAN RESULTS 2016		% of students in the top 3 bands		% of students in the bottom 2 bands	
		School	Australia	School	Australia
Year 3	Reading	54.29%	49.40%	17.14%	13.30%
	Writing	50.00%	48.80%	2.94%	8.10%
	Spelling	62.86%	46.40%	8.57%	14.20%
	Grammar	57.14%	52.50%	0.00%	11.40%
	Numeracy	48.57%	35.60%	5.71%	15.20%

NAPLAN RESULTS 2016		% of students in the top 3 bands		% of students in the bottom 2 bands	
		School	Australia	School	Australia
Year 5	Reading	40.00%	35.30%	20.00%	17.30%
	Writing	13.33%	17.20%	6.67%	19.90%
	Spelling	23.33%	29.80%	6.67%	19.00%
	Grammar	33.33%	36.30%	10.00%	16.80%
	Numeracy	40.00%	28.30%	6.67%	18.30%

Staffing Profile

Staff Qualifications

Qualifications and Experience	Number of Staff
I. Teachers with teaching qualifications from a higher education institution within Australia or as recognised by National Office of Overseas Skills Recognition (NOOSR).	18
II. Teachers with qualifications from a higher education institution within Australia or as recognised by NOOSR but lacking formal teaching qualifications	0

A number of teachers at St Paul's have completed post-graduate degrees to broaden and strengthen existing qualifications. Several staff members have completed a Master of Educational Leadership and others have a degree in Theology. We currently have two staff members enrolled to begin a Post-Graduate Certificate in Religious Education in 2017.

Workforce Composition

Number of Staff	
Total teaching staff	18
Total non-teaching staff	7
Grand total	25
Percentage of teachers who are indigenous	0

Teacher Attendance

We are proud to report that teacher absence is very minimal at St Paul's. Over the course of 2016 teacher attendance was just over 96%.

Teacher Retention

During 2016 two teachers began maternity leave and were replaced with temporary teachers. At the end of this year a job-share (0.8) teacher will begin "retirement" on LSL and will be replaced by a temporary teacher. His 0.2 job-share position resigned at the end of 2016. To reflect the addition of an extra class to St Paul's, a permanent appointment was made to the teaching staff at the end of 2016. Including these changes, teacher retention was 100%.

Professional Learning Undertaken

Staff at St Paul's are committed to ongoing professional learning in a wide variety of domains. During 2016 this was evident in the diversity of Professional Development undertaken and the number of Professional Development hours. Twenty four different PD sessions were attended by some staff totaling over 400 hours of PD for the teachers and Learning Support staff of St Paul's.

Parent, Student and Teacher Satisfaction

The opinions and ideas of parents, students and staff are valued and sought. Their suggestions are incorporated into planning for and achieving improved outcomes for students. This year, the School has used a variety of processes to gain information about the level of satisfaction with the School from parents, students and staff.

Parent Satisfaction

The level of parent and grandparent involvement at St Paul's continues to grow and reflect a high degree of satisfaction with the school. Parents feel included in a wide variety of activities that happen at the school. The P & F Association is well supported at meetings and fundraising activities. Enrolment at St Paul's continues to grow which is also a reflection of community satisfaction. In 2016 we established a tenth class to accommodate increasing enrolments which also reflects community opinion of the school. Some of the elements of St Paul's that are regularly highlighted by parents are: the caring approach to students, the welcoming environment, the high expectations we have of students as well as the well equipped learning spaces.

Student Satisfaction

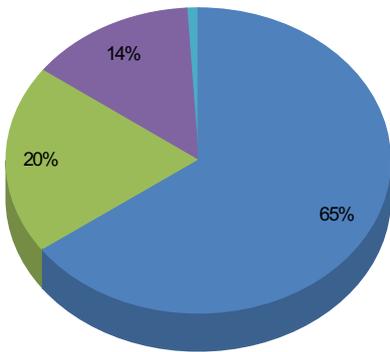

Student satisfaction is very apparent at St Paul's. Students always demonstrate respect and tolerance of each other and their satisfaction is obvious through their involvement with others and school activities. Students have a warm relationship with staff which adds to the level of feelings for St Paul's and the safe learning environment they enjoy. A straw poll conducted on the courtyard revealed these comments which is a selection of the total comments by students when asked, "What's good about St Paul's?"

My teacher tells me about Jesus. The Science experiments we do are good. I like reading. I learnt tennis this year. Our field is big. I like playing. Handball is fun.

Staff Satisfaction

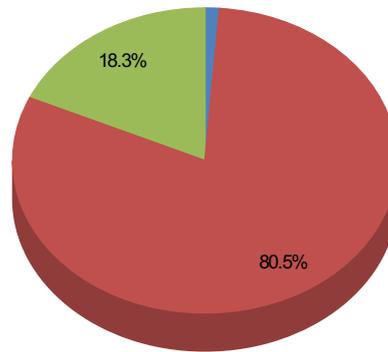

The staff at St Paul's is a cohesive group that clearly reflects our philosophy that every child is our concern - not just the children in our class. Staff regularly voice their satisfaction with the quality and diversity of resources, the opportunities for professional development and the generosity and support from parents and grandparents. Staff are also very satisfied with the level of support provided in classrooms by the Learning Support Teacher and the Learning Support Assistants. During 2016 staff were involved in goal setting procedures which further enhanced morale and the professional approach to building staff capacity at St Paul's.

Income

- Commonwealth Recurrent Grants (65%)
- Government Capital Grants (0%)
- State Recurrent Grants (20%)
- Fees and Private Income (14%)
- Other Capital Income (1%)
