

Graduate Certificate in Gifted Education and Masters in Gifted Education 2018

The Catholic Schools Office is offering teachers a range of professional learning scholarships in Gifted Education and will offer up to five scholarships at Masters level and up to five scholarships at Graduate Certificate level. Up to 50% of course fees will be reimbursed to scholarship recipients, subject to satisfactory completion of each unit. There will be an expectation that course participants will network in the diocese, share their knowledge and provide professional learning to staff.

Expressions of interest are invited from **permanent** primary and secondary teachers to undertake a course in Gifted Education through the University of New South Wales (UNSW). The Graduate Certificate of Gifted Education and Masters of Gifted Education are aimed at developing the expertise of teachers interested in developing and improving their own knowledge and understanding of gifted education. Both the Graduate Certificate in Education and the Masters in Gifted Education can be completed in a range of flexible modes, including through online or blended learning and school holiday intensive courses. More information can be found at:

<https://education.arts.unsw.edu.au/about-us/gerric/for-educators/gradcertgifted/>

<https://education.arts.unsw.edu.au/about-us/gerric/for-educators/med/>

If you:

- are interested in improving your skills, knowledge and overall pedagogy in Gifted Education
- can commit to the course and the overall expectations that further study brings

Then

Please email/fax your Expression of Interest identifying the **course** and the **Semester** to begin study to the Catholic Schools Office, attention **Sally Brock**, Teaching & Learning Services.
