

Aspiring MIDDLE LEADERS COURSE

A professional development opportunity for teachers wishing to explore the future career pathways of middle leadership.

Develop a deep understanding of the transition in identity from classroom teacher to 'leader of teachers.'

Supported by members of our School Support & Improvement team, Human Resources Business Partners and leaders across the diocese, you will learn how to successfully take the next step in your leadership journey.

Participation in this program will help you understand and embrace the behaviours of the MN Leadership Framework and assist you in successfully navigating the recruitment process!

'Step up to the challenge, believe in yourself, and do what it takes. Now is a good time to start!'
– Anon
